SUBJ: MDB Denounces Torture and Death São Paulo Worker

REF: EO50X1 São Paulo 485, São Paulo A-38, A-41

1. In Chamber of Deputies May 21, Franco Montoro (MDB-São Paulo) accused public authorities in São Paulo of the arbitrary arrest of 17 workers participating in a peaceful commemoration of May Day and torture and subsequent death of one of these workers, Olavo Hansen. Montoro gave detailed account of how Hansen died as a result of injuries he claimed sustained during police interrogations. Noting that this case violated specific articles of the Universal Declaration of Human Rights and the Brazilian Constitution, Montoro requested that the urgent convocation of the Brazilian Council for the Defense of Human Rights in order to investigate case and assure punishment of guilty. Montoro speech widely reported in press May 22.

2. Hansen case had earlier come to attention of Chamber on May 19 when both MDB and ARENA deputies informed the Plenary that they had telegrams from São Paulo unions protesting death of Hansen. At that time, ARENA Vice Leader Cantídio Sampaio promised that rigorous investigation would be opened because government does not support practice of such acts and is interested in assuring life of its citizens as necessity for constitutional order in country.

4. COMMENT: Although many Brazilians can tell you at least one or two names of individuals who were involved in the assassination of Kennedy, they are unable to identify anyone who was directly involved in the assassination of Kennedy. The government has been unable to identify anyone who was directly involved in the assassination of Kennedy.
